

An urgent prayer request.

Dear all,

Wu Fung has shorten his trip and come home. It is better for him to stay with Ka Yin as we may need to make some decision together.

Ka Yin's mom lose her consciousness Monday morning on her way to see a doctor. The family brought her to the emergency immediately. The hospital found that her sodium level is very low, which explained her strange behaviour for the past few days. She is now in ICU (intensive care unit), not because she is in danger, but because she need to be closely monitored as they replenish her sodium. Please pray for healing both for this episode and for her kidney problem.

The hospital has done a thorough checkup for her on Monday, we want to wait and see what is the result. If there is nothing too serious, Ka Yin will stay.

Wu Fung, Ka Yin
