

Dear all,

Wu Fung has come back from his trip safely last week. He learned a few things and hope that it will help our work here.

Now, we have a group of volunteers here, they are having some very meaningful conversation with some students. Please pray that these conversation will lead to some students to the most important decision. At least one male student is very responsive.

Later this week, Wu Fung will lead a retreat for some like-minded people. Please pray that our Father will be glorified and the people encouraged.

Later on, our family will have a 3-day vacation, all of us are looking forward to it. Our children are so excited!

Ka Yin's mother is taking the medication for her kidney. Praise the Lord, she does not need to take the strongest medication. But she feels dizzy from time to time, please pray for physical strength and healing.

Wu Fung, Ka Yin

For every 5 persons on earth, there is 1 Chinese. The Chinese Church is growing and expanding.

For every 5 persons on earth, there is also 1 Muslim. But the Church in the Muslim world is still struggling, or even non-exist in some places.
