

ABRAHAM & SARAH FAMILY MISSION UPDATES

Issue 4, Volume 27

Year 2012

On March 25th, we conducted a “Pre-Marriage Seminar” for the S2 members. Most brothers and sisters are singles, thus it was a meaningful and helpful experience for them. Young adults’ values and perceptions about marriage here are greatly influenced by their own parent’s marital relationships. As a result of the sudden influx and development of a capitalist economy, materialism and consumerism significantly distorted many people’s values and worldview.

1. May the Pre-marriage Seminar encourage each S2 member to have balanced and healthy marital values in order to positively influence every strata of society.
2. May S2 members become role models for their age group as they meet their future spouses through God’s wonderful ways and through biblically sound relationships.
3. With a healthy understanding of romantic relationships and sexuality, may brothers and sisters be effective testimonies for each other in Christ.

Every Wednesday evening, we have Glory Community Church triple-thread prayer meeting and Bible study. We are currently studying Acts. We pray for our personal lives, the community, the society and the world. Though we may be a small church, but we hope to contribute to the future of this country and the world as we continue to follow God’s guidance and teachings.

1. May the weekly prayer meeting and Bible study open our eyes to God’s Word, transform our lives and strengthen us as “spiritual warriors.”
2. May God pour me with wisdom and grace as I lead the meetings. May my own transformed life be able to touch other lives and be an example of discipleship.
3. May S2 members be equipped in His Word and impact their work places and become spiritual “fire-seeds” for societal transformation.
4. Through this weekly fellowship, may God build spiritual leaders and invigorate spiritual revival in every aspect of their lives.

Paul has left for Korea on April 16th in order to prepare for army enlistment on May 8th. For 22 months, he will serve in the Korean army. Please pray that this would be another opportunity for Paul to grow as a child of God and as a soldier of Christ. Gloria is currently finishing up her last quarter of her 1st year

in her graduate program. Amidst her busy schedule with school and her internship, please pray that she would always lead a balanced life as a Christian and as she continues to pursue her dream and passion. Sarah travelled to Korea on April 23rd to help take care of her younger sister who was recently diagnosed with cancer. Please pray that her sister will be able to overcome cancer and recover fully through His grace. Also, please pray that Sarah will be physically, emotionally, mentally and spiritual well as she takes care of her sister.
